

# ALSHARIA FACULTY

## ١- Introduction to the Faculty

As we all know that Afghanistan is an Islamic country and the entire Afghan nation has complete faith in the beliefs of Islam. Since the second century AH, our people abandoned all previous beliefs and adopted the holy religion of Islam; So far, this religion has influenced all the foundations, areas and angles of the individual and social life of the Afghan people and has taken root in the depths of their thoughts and actions.

The Faculty of Sharia Law is a continuation of the same official government schools and scientific centers that have been responsible for training scientific, judicial and other departments of the country throughout Afghanistan's history.

The Faculty of Sharia of Ghor Institute of Higher Education with a subset of ten cadre posts, two departments (Islamic Education and Jurisprudence and Law), General Teaching Management, Executive Management, Library Management and Sexual Authority, was approved in 1444 AH by the respected official of the Ministry of Higher Education and As the first academic center of Shari'a sciences and the fourth The faculty of Ghor Institute of Higher Education was officially opened in the same year with the initiative and scientific activities of (7) professors and the inclusion of (19) students from the graduates of the twelfth grade and the School of Shariah Sciences (Darul Uloom Abu Hanifa).

The course of study in both departments of this faculty (Islamic Education and Jurisprudence and Law) is four years and students graduate with a bachelor's degree. After successfully completing the course program and completing the monograph as a thesis, students graduate from the faculty and are recruited in the departments and institutions of justice, law, educational institutions and other governmental and non-governmental bodies.
